

THE VILLAGE VOICE

NEWS OF THE VILLAGE OF OAKS, CLAY COUNTY, MISSOURI
SUMMER, 1999

OAKS IS A ZONED VILLAGE

It is important for residents to investigate any zoning requirements that may relate to construction projects or additions to your property that you may plan. If you do not have copies of the ordinances that describe location on property of new home additions, swimming pools and garden houses, please contact the Village Clerk for them. Approval must be given by the Board of Trustees for certain types of construction before you begin.

OAKWOOD COMMUNITY PICNIC

Thanks to the residents of Oakwood and Oaks who planned and conducted the delightful picnic a few weeks ago. The weather was perfect and the food was delicious.

CLEAN-UP REMINDERS

It is easy for all of us to overlook places around our homes that can detract from the appearance of the Village. The Board encourages residents to work on such items as mail boxes, home address signs, leaves in ditches and other conditions that can be improved. Your improvements will contribute to a more attractive Village. Thank you for your participation in this program of Village renewal (maintenance?).

MAP OF VILLAGE

The map on the reverse side of the **Voice** will introduce you to residents of the Village whom you may not have met yet. We hope it helps you get acquainted!
